# Welcome

I trust that you are here to heal. You are here to take steps and not just sit around wishing that you were already healed. You are here to take responsibility of your healing journey. You are here to fully embody the Self-Healer and Healer that you already are and ignite the kind of light you know that you can be.

**LET'S BEGIN**

## **You are loved**

No matter how you feel or what you may be going through right now, just remember this truth. You are loved.

You are cherished by life beyond what you can begin to imagine.

## **You belong to life**

Everything you are, everything you do is in service to the life in you and around you. You are the drop of OM in a sea of vibration, beauty and love. Life is here and happening for you.

## **Your needs matter**

When you take care of your needs,  
when you take responsibility to heal  
your energetic wounds, you are  
helping heal everyone. Your healing  
is a sacred gift to all life.

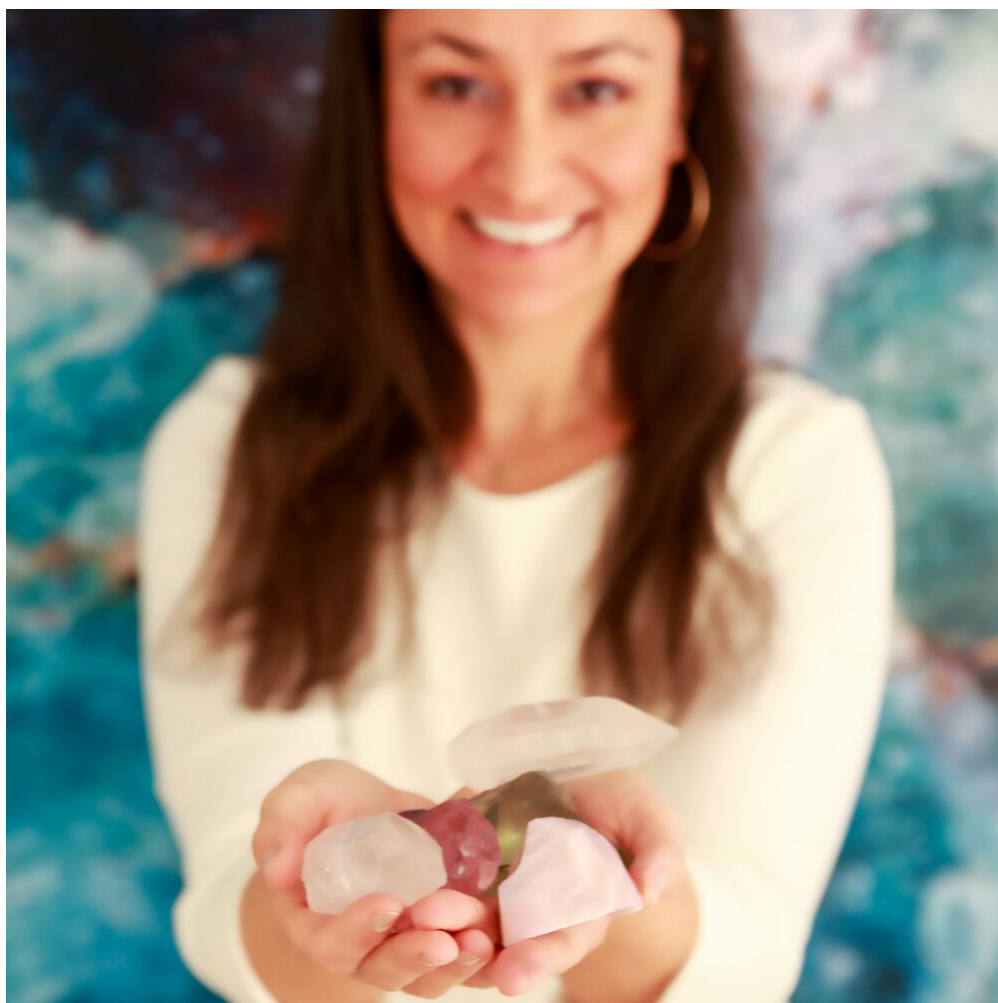

## **I am Damla Aktekin. I am an Inner Child Energetic Wound Healer.**

For as long as I have known, I have wanted to understand why we do what we do and how we can feel whole. My own healing journey brought me face to face with my own energetic wounds and inner children, and I became dedicated to helping others heal theirs. The journey can be hard but so worth it. I hope you consider

going down this path with me.

## **This is your time to heal.**

Life brought you here for a reason. What part of you is asking to be healed the most? What unmet need haven't you tended to? When did you last feel joyful, at ease, blissful and full of light? How much longer are you willing to wait to feel that way? If you don't want to wait one more second, you are in the right place.
