

In this Conversations With Healers episode, my guest is Mark Borax, Astrologer, Creator of Soul Level Astrology, Poet, Writer, Psychic, Creator and Captain of the College Of Visionaries And Wizards, and the Author of The Ruby Heart Of The Dragon – Sun Signs For Our Times. I have the great privilege of being one of Mark’s students at his 3-year Astrology certification program in the College Of Visionaries And Wizards. If you are new to Astrology (or not), this is a conversation that will open up doors for you to deepen your connection to your soul through the art of Astrology.

Mark and I had a fascinating conversation about:

- 12 life arts of Astrology that Mark breaks down in his book,
- What Astrological nodes mean and how you can begin to work with them in your own life,
- What karma is and how it can enhance your soul journey,
 - How life art and Astrological chart art intersect,
- What love and soul have to do with Astrology readings,
 - And so much more.

You can find out more about Mark and his Astrology readings and 3-year chart study program at his website <https://markborax.com/>. I highly recommend his book The Ruby Heart Of The Dragon – Sun Signs For Our Times to anyone who is interested in Astrology: <https://amzn.to/448vJmI> (affiliate link)
