

**In this Conversations With Healers episode, my guest is Yolandi Boshoff,** Spiritual Coach, Akashic Record Reader, Starseed, Channel, Healer, and Author.

Yolandi is such a light to be with and embodies her healing work truly.

**We talked about** her story of discovering that she is a Starseed and the journey of embodying it, light language channeling and how it feels for her, her experience of being called to live outside of her birth place, the field of information around us and within our DNA that holds our purpose and our divine soul mission, and more.

**You can find out more about Yolandi and her work at** her website
