

I had a wonderful conversation with the Daley sisters. This conversation has two inner child mini-healings I did on the spot for them. If you are curious about how my inner child healing approach works, you don't want to miss this!

Here's what they say:

'Wow, Just WOW!!! Lets talk inner child work! This is something we have always wanted to talk about but not knowing where to start is a huge put off! Enjoy this, we sure did and cant wait to work further in this area!! Damla is an incredible healer so we highly recommend getting in touch!'
