

Saturn has just moved into Pisces. I am feeling it. I am feeling ALL of it. Listening to my Receiving Dream Guidance Crystal Healing Recording last night (available to you in the [Chakra Bliss Vault Crystal Healing Membership](#)), I asked for guidance. Here it is: one day at a time AND let things be.

I have been deeply immersed in Astrology and its symbolism for the last 4+ years. It has taught me to be better prepared for the cosmic winds that hit us.

It is a way of understanding life through the unique archetypal energies of celestial vibration holders. It is a way of embracing your soul beauty and what you have come here to be and do.

Saturn holds you accountable for your prenatal vows, for things you agreed to learn and do in this reality. Pisces is feeling into the depths of ALL of it. It is feeling and knowing things in the liquid crystalline realm of your body. Saturn in Pisces is like swimming in deep cold waters. It is not always a pleasant swim. All that you have felt and not truly learned to be with will ALL come up now.

Allow yourself to be with it all. Take it truly one day at a time. And let things be the way they are as you are the way you are. This includes all your feelings, circumstances, struggles, and physical reality.

We are asked to be responsible for the drops of OM that we are, for the oceans of information we carry, and for learning to move through it all. It is a tough lesson (that's how Saturn operates) but a necessary one that we all signed up for.

“Damla exudes a calm, healing vibration that stands clear of judgmental limitation, or lower mind negativity. **I remember feeling at the end of my intuitive reading that I had noble parts of myself revealed to me. I felt held, acknowledged, and empowered through Damla’s guidance.** Anyone who has the opportunity to work with Damla is fortunate, indeed. “

“My Birth Chart Soul Reading with Damla was enlightening, powerful, and deeply grounding. With grace and compassion, Damla was able to communicate the connection between the sun and moon – and south and north node placements in my astrological chart. She provided answers to questions I have had through the course of my lifetime. Weaving past life energy into future direction, Damla has enabled me to access not only what I learned, but also to feel both grounded and lifted by her spiritual energy.”
