

Reading Tarot and Oracle Cards is the gift that keeps on giving in my life. Tarot cards are rich with archetypal symbology. They can give you a direct overview of your inner landscape, patterns, emotional weather, and more.

All oracle cards are a window to your soul and a gateway to diving into the depths of your dilemmas, turmoil, as well as healing, abundance, and thriving potentials. In a reading, I will connect you with a card deck or decks that want to be known to you as well as with your divine soul helpers. Together we will explore what is between you and living your highest vibrational soul aligned life.

A card reading is seeing all of you as representations of soul images in front of you. It is knowing that even though you don't fully understand it, you can surrender to the language that your inner children know so well, the language of imagery, symbols, and archetypes. It is deciding that you are open to exploring ALL aspects of yourself, even the parts that may be hidden to you. It is knowing and trusting that whatever you hear is a direct reflection of your soul and soul guides.

This kind of reading is a gift, as you are accepted, known, and understood by the card reader in all your innate wisdom and beauty. It is truly a magical experience to be known and held this way.
